

Department of Mechanical Engineering – Proud Moment!

We are extremely proud to share the remarkable achievement of Miss Sakshi Suresh Torangi, a shining example of dedication, discipline, and excellence.

Miss Sakshi has brought great pride not only to our department but to the entire institution by winning the Bronze Medal at the World Karate Championship 2023, held at Calgary, Canada. This prestigious achievement stands as a testament to her relentless hard work and passion for martial arts.

Sakshi began her journey in Karate at the tender age of 7 years and has continuously excelled in the sport. She is a 7-time National Champion and has won numerous State Championships, consistently demonstrating her dominance and commitment in the field of Karate.

Taking her passion forward, she has also established her own training center, The Karate Academy, where she inspires and trains the next generation of martial artists.

The Department of Mechanical Engineering extends heartfelt congratulations to Miss Sakshi Suresh Torangi for her outstanding achievements. We wish her continued success in all her future endeavors and are confident that she will keep making us proud on national and international platforms.
